'TWAS A BAD NIGHT FOR AUTO THIEVES

THEY FAILED TWICE IN ATTEMPTS TO STEAL CARS

P[illegible]EN DISCOVERED

Garrett's Ford Saved in the Nick of Time; Second Trial to Get Charles Alexander's

Last night was a bad night for the automobile thieves in Maryville. Out of two attempts to get cars, reported today, they failed twice, and have nothing at all today to show for their labor. They did succeed in spoiling some locks.

An attempt to steal the Ford car of Milt Garrett, which was in the barn of William Collins on East Fourth street, was prevented by the prompt action of Mr. Collins about 4 o'clock this morning. Mr. Collins heard the men trying to get the car out of the barn. When he requested of his wife that she give him his shotgun, the men ran away at once. Mr. Collins thought there were two men. There are no clues.

Charles Alexander, of the firm of Glover & Alexander, when he came to the mill this morning, found that the lock had been broken on the shed where he keeps his brand new Ford car and that a patent lock on the steering gear had been battered. The thieves, however, had not succeeded in moving the car.

This is the second car that thieves have attempted to take from Mr. Alexander. The other disappeared from the same shed during fair week, on the same night that the murder was committed on the high school grounds, only a block away. No trace of that car has been found.

Mr. Alexander believes that the same thieves have been doing much of the car stealing around here, as the lock on his shed was broken in exactly the same maner the other lock was broken and in the same manner that the lock was broken on Mr. Garrett's shed. The lock, a heavy affair, was forced when an iron bar was thrust through it and twisted.

FIRE DESTROYS HOUSE AND GOODS OF MRS. NATHAN GRAY

No Cause Given For Blaze Last Night; No One at Home When It Started; $800 Insurance

Unless it started from a fire in the kitchen stove, no cause has been assigned for the blaze that completely destroyed the home of Mrs. Nathan Gray, 222 South Hester street, shortly after 8 o'clock last night. None of the members of the family were at home when the fire started Mrs. Gray being at church and her two sons away visiting. Mrs. Gray is employed at the Basford cigar factory.

A large crowd, many of whose members drove in motor cars, attended the fire, which could be seen all over Maryville. The Maryville fire department made the run, but could do little to save the dwelling as the fire had gained too great a headway before the alarm was turned in. None of the household goods was saved.

Insurance of $800 was carried on the house.

In order to conserve the city water, the fire department stopped throwing water on the fire at the earliest possible moment, as soon as it was thought to be extinguished. Some embers must have been left, for at 5:30 o'clock this morning an alarm was again turned in. The department made the run and put out the slight blaze with chemicals.

This fire was the second in September for the local department, according to Burt M. Rowley, fire chief. The monthly average in Maryville is about three, the yearly total generally being from thirty-six to forty.

The criminal dockct is being cleared rapidly in circuit court. The jury trials are now on, and pleas of guilty also are being made every day.

The case of the state against Walker Dredge of near Elmo was up in court today and went to the jury at press time this afternoon. Dredge is charged with stealing some automobile tools valued at $10 from the garage of Marvin Short, who lives in that community. Dredge, who has his wife and two small children in court, does not deny taking the tools; his defense is that he borrowed them and meant to return them. The alleged offense took place last Memorial Day.

Frank Walker was arrested yesterday afternoon on a charge of assault and battery, Roy Kelly being the prosecuting witness. In circuit court this morning Walker pleaded guilty and was fined $15. The fight took place at the Diss & Irby garage yesterday afternoon. Walker claims taht Kelley had been making undesirable remarks about him.

In the case of the state vs. John Keever and George Mathews, charged with petit larceny, Mathews appeared in court yesterday, withdrew his plea of not guilty, pleaded guilty and was fined $25.

In the case of the state vs. Guy Mathews, on a charge of petit larceny, the defendant appeared in court yetserday, withdrew his plea of not guilty, pleaded guilty and was fined $50.

He was paroled on payment of the fine and costs.

Pleased With State Hospital.

The members of the Nodaway county court, accompanied by Fred Wright, deputy county clerk, returned early this morning from St. Joseph, where yesterday they inspected State Hospital No. 2, where thirty-eight public patients and ten private patients from this county are confined. The members of the party were well pleased with their trip and had no fault to find with the institution or the way it is conducted. About $18 a month is paid for the public patients. Many of them are working on the hospital farm of nine hundred acres, which raises all the meat for the institution and has live stock left over to sell. This trip was the annual inspection.

Division B of the Ladies Aid Society of the Christian church served lunch today at the closing out sale of John Sprague, held at his farm, 4½ miles northwest of Maryville.

A. P. GSELL, BAND DIRECTOR, WILL RETURN TO THE ARMY

Will Be Assistant Leader With Eighty-first Field Artillery; In Maryville Since Last May

Alfred P. Gsell director of the Maryville band since last May, severed his connection with the band last evening and will leave Monday morning for Camp Knox, Kentucky, where he will be with the Eighty-first field artillery as assistant band leader.

This means that Mr. Gsell not only will get a better salary than in the ordinary work, to which he is so well adapted, but will have better chances for advancement. He will soon have charge of one of the three bands at that camp. The leader who has charge of the bands at the camp was formerly a student of Mr. Gsell's and worked with him from 1912 to 1915.

Mr. Gsell's family will not follow him for about a month. Before coming to Maryville, Mr. Gsell was director of a marine regimental band.

Plans are being made for a Maryville man, as yet unnamed, to direct the band until a permanent director can be obtained.

C. E. WELLS NAMED CHAIRMAN OF COUNTY RED CROSS DRIVE

Campaign Will Be For Members Only, Not For Money; Peace-Time Activities Are of Importance

C. E. Wells, librarian of the State Teachers College, has been named as county chairman of the third roll call drive for the Red Cross, which will begin November 2 and last until November 11. This is not to be a campaign for funds; it will be solely a membership drive to keep the enrollment in the Red Cross up to its war-time proportions so that the problem arising now may be more successfully met.

Chairmen, to be announced later, will be appointed for each branch in the county, to have charge of the drive.

The importance of the Red Cross has not ended with the ending of the war. Its peace-time activities are numerous and often of the highest importance. In Nodaway county, plans have been made to employ a county visiting nurse to guard and improve the health of the community. All that remains to be done is to select the nurse.

Aside from nursing, the Red Cross proves of value in case of great disasters, such as the recent storm on the Gulf coast. Its relief work is always the most important in such a case.

The Red Cross also has what is known as a home service section to aid the discharged soldiers, sailors and marines. G. R. Ellison is chairman of the Maryville section, and Miss Betty Turner is secretary. Advice and help on war risk insurance, Liberty bonds and the like are always cheerfully given.

The score by innings:

	R	H	E
Chicago 010 000 000	1	6	1
Cincinnati 100 500 21x	9	14	1

International News Sports Editor

Cincinnati, O., Oct. 1. — Trembling with pent-up baseball enthusiasm that has been seeking an outlet for the last fifty years, Cincinnati nervously awaits the opening of the 1919 world's series here today between the Reds and the White Sox.

Baseball is the one topic; nothing else matters. For weeks past this hustling old Ohio river town has been slowly working itself into a frenzy of excitement over Pat Moran and his National League champions. For years—ever since 1869 to be exact—Cincinnati fans have been hoping and praying for a pennant winner. Today their dreams are realized, and Cincinnati will "sit down" to enjoy its first world's series, backing Moran and his gallant Reds with heart, soul, currency and the family plate.

Long before the first gray streaks of dawn broke over the skyline Cincinnati was astir. At Redland Field, where the Moranmen will grapple with the invading Sox in the first game of the series, a long line of loyal rooters stood patiently awaiting the opening of the gates, prepared to fight to the last ditch for the best reserved seats. Even those fans—more than twenty thousand in all—who are in possession of coveted "ducats" entitling them to seats in the reserved sections were up bright and early, preparing to make their way to the scene of the conflict, determined to miss no part of it.

Odds Are On Reds.

Hotels that have been bulging with patrons for days were filled from roof to cellar last night, and incoming trains from all directions began pouring their cargoes of rabid Ohioans into the city this morning. Thousands of fans will be disappointed. But they were warned. The Cincinnati club has erected temporary stands to accommodate several thousand fans for whom there was originally no place in Redland Field. Every available inch of space that could be used for seating capacity has been pressed into service, and when the Reds and Sox line up for battle they will find themselves surrounded by a closely packed and frenzied mob of rooters — the strongest-lunged rooters in the National League.

There is more excitement here today than Cincinnati has ever dreamed of before. No event imaginable could have stirred up this old town to such a whirlwind of interest. In short, "Cincy" is a boiling cauldron of baseball babble, and if you listen you can hear nothing but arguments in favor of the Reds. The fans are backing Moran's team, too. Odds ranging from 7 to 5 to 6 to 5 have been given. White Sox rooters who came here to "get down" on the Chicago team have found no dearth of money. The fact that the series gets under way here in the first two games has increased the confidence of local bugs in their team, and if Moran's men win today's game Cincinnati will probably offer any kind of odds to get more money down.

Sox Keep Under Cover.

The White Sox stuck closely to their hotel this morning. They are sober and confident. Experiences in the 1917 world's series in which most of the present Sox took part, swept away much of the excitement and glamor for them today. They are, admittedly, one of the greatest teams of "money players" that ever went into a series and they will trot on the field this afternoon determined to get the jump on their arrivals.

Manager Gleason, confident, but saying little, prepared to lead his players to Redland Field shortly before noon. Gleason believes he has a team that can settle the issue with the Reds inside of seven games. The stretching of the series to nine games, he points out, is as fair to one team as to the other.

Manager Moran and his Redlegs had to keep under cover to hide away from thousands of rabid fans who have been in the habit of surrounding them wherever they appeared for several weeks. The Reds were ordered to be on hand at the ball park not later than 11 o'clock.

Reds Supremely Confident.

The players of Moran's team are confident, too. They feel that they demonstrated their class by beating out the Giants this season even though the New York club was the only one that kept them fighting to grab the pennant. They are conceding nothing to Chicago. Like the thousands of Cincinnati fans who are backing them, the Reds have supreme confidence in their pitching staff. They feel that Sallee, Reuther, and Eller will turn the Sox sluggers back toward the bench, and, they—the slugging infielders, catchers and outfielders of the Reds—will see about the wonderful pitching ability of Cicotte and Williams and attend to it.

Although they have but two days in which to rest up for the opening struggle, the White Sox were reported to be in the proverbial "pink" and ready for the battle to start. The Sox have already practiced on Redland Field and have a line on the peculiarities of the park, which was, of course, strange to them until Monday.

BRITISH STRIKERS TO VISIT PREMIER

FIRST DEFINITE STEP TOWARD A SETTLEMENT TAKEN

11 MEN TO MAKE A CALL

Situation Otherwise Said to be at a Deadlock; Government Makes Claim of Gains

London, Oct. 1.—The first definite step toward a settlement of the railway strike was taken this afternoon when it was decided at a conference of officials of the unions composing the "triple alliance" to send a deputation of eleven men to call upon Lloyd George.

London, Oct. 1.—With both sides standing firm and no sign of a decisive break in the national railway strike today, government officials claim the railway traffic is improving steadily and the number of trains being run is increasing. The government has taken action in forming motor transport system with fifteen thousand cars for the distribution of provisions, staving off any actual danger of suffering for want of food. Troops are being used and an increasing number of heavy guards are stationed at strategic points along the railway lines in Scotland with orders to take effective measures to prevent interference with train service. Tunnels and principal railway stations are also guarded.

Mrs. Maysel Laughlin, a student at the State Teachers College, spent the week end in Guilford with her parents, Mr. and Mrs. Hinkle.

Mrs. Howard Wray returned Saturday night from St. Joseph where she underwent an operation for appendicitis two weeks ago at the Sister's hospital.

Boston, Oct. 1.—Charging that she broke her teeth while eating beans, Mary J. Armstrong has brought suit against the H. J. Heinz Co. of Cambridge, for $2,500. It is contended that some foreign substance was in the can of beans, so that the fair name of "Boston baked" is not blemished.

JUDGE GARY GIVES HIS SIDE OF CASE

TESTIFIES BEFORE COMMITTEE INVESTIGATING STRIKE

SAYS FIRM WAS FAIR

Claims Good Treatment of Employes; Declares He Will Not Treat With Labor Leaders

Washington, Oct. 1.—Charges were made today that the steel workers speak without a "vestige of truth" and that their plea is based on misinformation and is absolutely without foundation. Judge Gary testified before the senate committee investigating the steel strike. "No basic industry in this country has paid its workers higher wages or treated its employees with greater respect and consideration than the United States Steel corporation," Gary declared. The steel corporation will refuse to contract with the unions and will not confer with the labor leaders, Gary asserted, adding that the corporation will hear the complaints of workers irrespective whether they are union members however.

Pittsburgh, Oct. 1.—The actors in the steel drama are busily engaged today preparing for the big act which starts Friday when the Kenyon committee comes here to delve into the whys and wherefores of the industrial crisis. Each side confidently expects to have its day in court. It is uncertain how many witnesses and factions will be called upon to testify, but it is certain that it is an open fight with no one barred. The committee will be deluged with information about the strike. Union heads claimed the mills are making smoke and a noise, but are doing little work and the industry is tied up.

Train Made Long Stop at Arkoe.

The Maryville jitneys were doing a rushing business between Maryville and Arkoe last night, for the Burlington train that is due in Maryville from St. Joseph about 8:30 got hung up at Arkoe and did not reach Maryville until 2 a. m. Something went wrong with the airbrakes just below Arkoe, but the engine managed to pull the train to Arkoe, where it stood until an engine arrived from Creston to continue the trip. The bridges washed out on both sides of Lenox night before last were repaired yesterday, and trains from the north are now running on schedule. Yesterday morning's train reached Maryville about 3 o'clock yesterday afternoon.

Wray Funeral Services.

The body of Mrs. T. K. Wray, who died last Wednesday afternoon in Los Angeles, Calif., will arrive in Maryville tomorrow noon, and will be accompanied by the two daughters, Mrs. Leta Hansen of Los Angeles and Miss Lekka Wray. Funeral services will be held tomorrow afternoon at 2 o'clock at the First Methodist church conducted by Dr. Gilbert S. Cox. The body will lie in state at the church preceding the hour of the funeral. Burial will be in Myrtle Tree cemetery, northeast of Maryville. Mrs. D. A. Ziegler, a sister living in Burlington, Kan., will be here for the funeral services.

President Sleeps Late Today.

Washington, Oct. 1.—President Wilson slept until after 9 o'clock this morning. When he awoke he appeared in better health than at any time since his return to Washington Sunday. The president had a restless night and was consequently feeling somewhat jaded today, Admiral Grayson announced this afternoon.

Weather for Today

BAPTIST EVANGELIST DECRIES ALL CAMOUFLAGED RELIGION

Say Churches Can't Compete With Show Houses When It Comes to Amusing the People

Rev. G. E. Kennedy spoke again last night at the Baptist church on "Making Christ First."

"This is the thing that makes a Christian powerful," he declared. "Anything else is camouflaged religion. People often are backslidden in heart without realizing it. Cardites whiskeyites, danceites, picture-show ites are backslidden before they become friends for these things.

"When the Church sells out to give amusement instead of the gospel, the Lord weeps and the devil rejoices. The time has passed when the Church can become the amusement center of the community. The places of amusement beat the Church all hollow when it comes to amusement. You can't compete with the picture show, the phonograph, and other places of amusement.

"The Church is being driven back to safety to Jesus. It must get low before His feet and repent and make him its first love again.

"Some church members begin to get tired of the preacher and begin to complain against the deacons and the Sunday School superintendent and turn their back on Jesus and think they are justified. This cause doesn't belong to the preacher, nor the deacons. It is the blessed Saviour's cause. The deacons, the Sunday School superintendent and even the preacher can be terribly backslidden. I know more than one preacher who is backslidden in heart. God pity the people who have to listen to him.

"Jesus wants soldiers who won't run—soldiers who love and will die for him—soldiers who won't entangle themselves with the enemy, the devil.'

Terry King of All "UNCLE TOM" Producers.

Uncle Tom shows may come and Uncle Tom shows may go, but—Terry's Big Company goes on forever, and is looked upon as King and Monarch of them all, with the slogan—"Forever, Foremost and Newest." Many have tried to imitate the successful Terry for years, springing up like Jonah's gourd, but they have withered in the night like a school of minnows following in the wake of a whale, and it has sure proved in its place when used. Terry has been a producer of successful plays for the past twenty-eight years and this season is no exception to the rule. His Uncle Tom's Cabin this season is living up to the past reputation of former years.

Terry's big production of Harriet Ward Beecher Stowe's famous slave play will appear for one performance only at Maryville October 16, and when the show comes this year the citizens will find that it has been greatly enlarged, having a tent that seats 2,500 people.

Terry's Big Company will give a free street parade at noon and then in the evening at 7:30 a band concert. Doors open at 8 p. m.. Performance at 8:30 p. m.

Will Have Animated Pictures.

The Palestine church, six miles northeast of Graham is to have a series of "animated pictures," beginning at 8:30 o'clock tomorrow night. No admission will be charged. "It has long been a problem to produce motion pictures in districts where there is no electric current to furnish the powerful light required; this problem has been solved; come out Thursday night and be shown," says the announcement of the show.

FARMER UNABLE TO HELP HIS BOYS

Kettner Was So Run Down He Couldn't Work — Gains 28 Pounds on Tanlac

"You can't blame me for talking so much about Tanlac, for it has not only added twenty-eight pounds to my weight, but has completely overcome my troubles,' said O. A. Kettner, a well known and prosperous farmer who lives on Route No. 1, Downs, Ill., the other day.

"I just thought I was doomed to suffer the rest of my days," continued Mr. Kettner, "and I guess that would have been the case if I had not gotten hold of Tanlac. You see, I had been in bad health for about twelve years, and I failed completely to find anything that would do me any good. My stomach was in such bad condition that I would just suffer agonies every time I ate anything. My food would sour on my stomach and I would be all bloated up with gas for hours at a time. My kidneys were out of order all the time, too, and I would have the worst sort of pains in the small of my back. Then rheumatism struck me, and from that time on I had all the suffering that was coming to me. Why, I got so bad off that I couldn't even help the boys do little jobs around the place. I just went from bad to worse, and I finally made up my mind that I would just have to give up trying to run my farm.

"Well, I heard about this Tanlac then, and I bought a couple of bottles and began taking it. Now, the first two bottles didn't seem to do me any good at all, and I was about ready to drop Tanlac, but I figured that my case was one of long standing and that I hadn't given the medicine a good showing, so I bought one more bottle. That third bottle hit the spot, and in little or no time I was picking up right along, and from that time on I improved as fast as any man you ever saw, and am as hale and hearty as I ever was in my life. I never have a sign of rheumatism now, and my kidneys seem to be in first class condition. I don't believe I ever had a better appetite, and I get away with three square meals every day, and I am never bothered with indigestion or any other kind of stomach troubles now. I can now get out in the field and do as much work as any man on my farm. Yes, sir, Tanlac was a Godsend to me, and I just feel like I want the whole world to know about this wonderful medicine."

"Tanlac is sold in Maryville by Koch Pharmacy, in Conception Junction by A. M. Colly, in Pickering by H. M. Lincoln, in Burlington Junction by Coster Pharmacy, in Barnard by Bear Drug Co., in Elmo by King Drug Co., in Clearmont by Dr. W. H. Wiley, in Ravenwood by C. A. Shunk, in Arkoe by Rufus R. Smith, in Hopkins by Hopkins Drugs Co., and in Parnell by P. L. Hart." ADV.

REJECTIONS FOR TUBERCULOSIS EQUALED TWO ARMY DIVISIONS

U. S. Experience in Draft Shows Need of Work; Red Cross Seals To Be Sold Before Christmas.

When the United States asked the young men of the country to rally to the national standard during the war the draft was found to be one of the best medical detectives that could be imagined. Through it the standard of health among the young men of the country was quickly and surely ascertained.

Altogether, out of the nearly 3,000,000 men who were picked by the draft, 69,000 were found to be tubercuious. These men, enough to make up more than two divisions of soldiers, had to be rejected. They were unfit to take up arms for their country and, in fact, were a danger to their comrades.

Tuberculosis is one of the gravest problems America has to solve today. Its death toll is enormous. Its sick toll is even greater. Every year at least 150,000 die of tuberculosis in the United States. For every death there are 8 open tuberculous cases reported That means over 1,200,000 persons have the disease.

Tuberculosis can be prevented and it can be cured. That is the burden of the great educational campaign now being waged by the National Tuberculosis Association and the 1000 state and local organizations affiliated with it. The rapid growth of tuberculosis in the country, especially with the reaction from the war at hand, means that more extensive educational work is required. It must be forthcoming and such a campaign has been planned.

To obtain funds to teach everyone that tuberculosis can be prevented more than 650,000,000 Red Cross seals are to be sold just before Christmas.

Peck's Bad Boy.

The promise of the advance representative of Peck's Bad Boy which comes to Empire theatre Sat., the 4th, is a brand new show from start to finish, interpreted by the cleverest company of actors, singers and dancers that ever appeared in Governor Peck's comedy of boyhood.

Since its last appearance here the play has been entirely re-written, and brought up to the minute. The boy is the same mischievous little chap as of yore, and his gent is still the base of Shultz the store keeper and Duffy, the policeman. The Bad Boy has a bunch of new and improved tricks and jokes which he will play on his friends.

This is the one play the children will want to see.
